

Bench scale

Bench scale set (platform + column + indicator)

FEATURES:

- Tubular framework in painted steel.
- Sheet in stainless steel.
- Load cell in aluminium IP54.
- Load cell with approval OIML R60 C3.
- Column in polished stainless steel and platform fixation base in aluminium, C12.
- It can be used in legal metrology.
- EC approval.
- ABS indicator, model BR20.
- Keyboard with waterproof membrane with 7 keys and acoustic signalling.
- Backlight LCD display with digits of 50 mm.
- Multi-range (1 or 2 ranges).
- IP54 protection.
- Operating temperature range: -10°C +40°C.
- Power supply with adaptor AC/DC 100-240Vac 50-60Hz.
- Internal rechargeable battery, 90 hour battery life.
- Optional RS232 output.
- Units: kg.
- Units without legal metrology: kg and lb.
- Blister included.
- Keyboard locker.
- Programmable auto switch off.

FUNCTIONS:

- Accumulation
- Gross/Net
- Automatic tare and memory tare
- Piece counting
- Limit function
- Animal weighing
