

MS4900

Column Scale

A waist-level column and easy-to-read LCD screen make the MS4900 column scale perfect for clinical use. It features a BMI function and can be outfitted with digital or manual height rod accessories to determine height and weight at the same time. Weighing and diagnosing bariatric patients is safe and simple, thanks to the die-cast stable platform and anti-slip mat.

The MS4900 features a large LCD screen, and can be connected to a thermal printer and PC, making it easy to obtain, view, and record results.

Functions
